MUDA to form five new layouts

- **Nalwadi Krishnaraja Wadiyar Layout**
- **Swarna Jayanti Nagar Layout**
- **Shanthaveri Gopalagowda Layout**
- **R.T. Nagar Second Stage**
- **Ballahalli Layout**

A view of the R.T. Nagar Layout that has been developed and handed over to beneficiaries. MUDA will now develop R.T. Nagar Second Stage.

Mysuru, July 22 (RK&BCT)- The Mysuru Urban Development Authority (MUDA) will form five new residential layouts in the city in view of rapid urbanisation and population growth. The five layouts are Nalwadi Krishnaraja Wadiyar Layout, Swarna Jayanti Nagar Layout, Shanthaveri Gopalagowda Layout, R.T. Nagar Second Stage and Ballahalli Layout. **In all, MUDA is targeting to distribute 7,000 sites.**

The proposal to form the Nalwadi Krishnaraja Wadiyar Layout and Swarna Jayanti Nagar Layout was sent to the government 10 years back and it has been delayed ever since. Now the government has accorded clearance, said MUDA officials. They said that a notification has already been issued for land acquisition under the Karnataka Urban Development Authorities Act 1987 and Karnataka Land Acquisition Act, 1961.

Likewise, the process of forming other two Layouts — Shanthaveri Gopalagowda Layout and Ballahalli Layout — has already started. While the Ballahalli Layout is already on cards and the proposal has been sent to the State Government, the Shanthaveri Gopalagowda Layout process will be speeded up.

Speaking to *Star of Mysore* this morning, MUDA Commissioner P.S. Kantharaj said that all the Layouts will be inspected by him along with other MUDA officials in a day or two. He will be accompanied by Superintending Engineer B.K. Suresh Babu, Executive Engineers Raju and Prabhakar, Special Land Acquisition Officer Indramma and Town Planning Member Girish and other officials.

A Joint Measurement Committee, comprising MUDA and Revenue Department Officials, have been formed and they are in the process of checking the land documents, land extent, litigations and possible legal tangles.

While the Nalwadi Krishnaraja Wadiyar Layout will be formed in a 36-acre land at Chikkalli, Chouhalli and Yedahalli beyond Ravindranath Tagore Nagar (R.T. Nagar), the Swarna Jayanti Nagar Layout will be formed at Aalalu near Yelwal hobli in a land that extends to 75 acres.

Pervert enters ladies nursing hostel

CCTV visuals show the pervert carrying a ladies garment on his shoulders.

Mysuru, July 22 (RK&BCT)- Visuals of a pervert entering the K.R. Hospital Ladies Nursing Hostel in city has been captured by CCTV cameras installed at the hostel premises. The pervert, wearing khaki clothes, is also alleged to have assaulted a few students who prevented him from taking away their clothes that were hung outside for drying. A case has been booked in this regard at Devaraja Police Station.

The hostel is three-storeyed and is located **between K.R. Hospital and Cheluvamba Hospital**. It has a compound wall and it is suspected that the pervert would have scaled the wall to enter the inner sections of the hostel. According to the complaint filed at the Devaraja Police Station, students have said that the pervert, in an inebriated condition, had assaulted and misbehaved with them and had snatched away some mobile phones. He also rubbed the clothes that were kept for drying on his body and tried to take them away. When prevented by the students, he assaulted them, the students told the Police.

The incident occurred on July 20 and the pervert was inside the hostel premises till about 2 am. His movements have been recorded in CCTV cameras. Some students spotted him at around 10 pm and complained to the hostel authorities. CCTV visuals show that the pervert was in an inebriated condition and was struggling to maintain his balance. Visuals also show him carrying a ladies garment.

Most of the students staying at the hostel come from rural background and they are terrified with the happenings at the hostel after dark. They said that last year too, one person used to enter the hostel during nights.

After many complaints from the students, CCTV cameras were installed and two security guards were posted. Students said that despite cameras and security guards, this pervert had entered the hostel that is located a stone's throw away from the Devaraja Police Station.

EDITOR'S BOTTOMLINE

The society doesn't approve a left-hander doing normal things like lighting a lamp or offering money to someone, as using the left hand for such activities, especially during auspicious occasions, is considered taboo and unpropitious. Once, I was abused by a flower vendor for paying her a Rs. 10 note early in the morning with my left hand. But on the positive side, it is said that left-handed persons have a good memory.

In international cricket, around 30 per cent of the batsmen who occupy positions from one to six in the batting order are left-handed. Is there some quality inherent in southpaws that make them good cricketers? Do the laws of the game favour them? Maybe it is a combination of both. Scientists say left-handers have increased spatial awareness and the capacity to think and react quickly to objects in three dimensions.

Every year, August 13 is celebrated as 'International Left-Handers Day'. On this day, many left-hander-friendly products are launched and awareness on the advantages and disadvantages of being a left-hander are spread. Also, on this day activities are held for the right-handers to try out products made for lefties. Interestingly, many American Presidents, including Barack Obama, Bill Clinton and Ronald Reagan, are lefties. Not to forget, famous musicians such as Paul McCartney and Beethoven, and writers Mark Twain and Lewis Carroll have also been left-handers.

Man goes under knife to transform himself into alien

Los Angeles: A makeup artist and part-time male model from Los Angeles named Vinny Ohh, has invested over $50,000 into 110 cosmetic procedures in an effort to turn himself into an asexual alien.

He began his unusual project at age 17, when he got his first lip fillers, followed by two rhinoplasties, several cheeks and brow bone fillers, and many more after that. But the most extreme procedures are yet to come, as Vinny plans to spend $160,000 having his genitalia, nipples and bellybutton removed and his forehead realigned.

Ohh, who describes himself as "extra-terrestrial, hot mess, self-obsessed," often wears large blackened contact lenses, long talons, and dyes his hair in unusual colors. He has recently shaved his eyebrows completely, which he believes adds to his alien look. "I do kind of look like a Martian, I have a really big head, no eyebrows and I've just been connecting with that," he said.

Window ladder to help stray cats escape cold

Terkirdag: A local cat lover has come up with an ingenious solution that allows stray cats in her neighborhood to escape the chill – installing a tiny metal ladder leading up into her cozy apartment.

Sebnem Ilhan of of Terkirdag in Yurkey couldn't just sit by and let the stray cats freeze to death, so she decided to open up her home to them. But since inviting them in through the front door wasn't going to work, she had to come up with a more practical solution.

The window seemed like the best choice, but even though her apartment is on the ground floor of an apartment building, the window is still to high for cats to jump on to. So she had a tiny metal ladder made so that the strays could climb to reach her window. The ladder is wide enough for cats to climb and the metal bars ensure that no uninvited guests make it into home.

Free Hepatitis screening camp at Columbia Asia Hospital

Mysuru, July 22- On the occasion of World Hepatitis Day (July 28), Columbia Asia Hospital, Mysuru, has organised a free Hepatitis B and Hepatitis C screening for the general public from July 23 to 28.

"Hepatitis B and Hepatitis C are viral infections which cause damage to the liver and can lead to both acute and chronic disease. These viruses are highly contagious and are transmitted by transfusion of infected blood, infected needles, unprotected sex or from an infected mother to child. Hepatitis B and C screening is done by testing a small sample of blood for antigens and antibodies. Hence, our effort is directed towards early diagnosis, regular follow-up, relevant treatment and mass vaccination," said Dr. Anoop Alva, Consultant Gastroenterology and Hepatology, Columbia Asia Hospital, Mysuru.

The week-long screening will conclude with a Public Forum discussion on the topic "Hepatitis B and C myths and facts" on July 28 at the hospital premises from 3 pm to 4 pm. For details call Ph: 0821-3989896 or 3322333 or WhatsApp: 9620389896.

Granite Balustrades made by machine turning become brittle and easily break

Replace ornate stone balustrades with cement

Sir,

This is with reference to the news item ***"Raja Marga in a shambles"*** (*Star of Mysore* dated July 6) wherein it is reported that, the ornate stone balustrades have crumbled. I want to educate the decision maker / makers that, these Granite Ornate stone balustrades are made by **turning** highly brittle Granite stones and not by **carving** and hence the **stresses would concentrate** at smaller diameter of balustrades and also at the projected small solid circular plugs provided on either side of the balustrades to fit into the holes in Top and bottom Rails.

Due to high stress concentration at smaller diameter of balustrades and also at the projected small solid circular plugs provided on either side of the balustrades, and **also due to brittle nature of granite**, the Ornate Granite stone balustrades will easily fail due to impact caused by hitting of solid material and also due to **cyclic load** caused by the vibration transmitted due to the continuous movement of vehicles.

If one examines the failed Ornate Granite stone balustrades closely, majority of the failures have taken place either at the smaller diameter of balustrades or at the projected small solid circular plugs provided on either side of the balustrades to fit into the holes in Top and bottom Rails.

It is unfortunate that the authorities, who have planned to install these Ornate Granite stone balustrades, have not foreseen this failures. Even if they replace these failed Ornate Granite stone balustrades by new ones, they may not withstand the impact due to poor impact strength of granite stone. Hence it is better to replace these failed Granite Ornate stone balustrades only by Ornate balustrades made out of cement to last long.

Conmen pose as MCC officers; take away cash from house

- Criminals hoodwink elderly couple; steal Rs.75,000 kept in almirah
- Second such incident reported in city in less than a month

Mysuru, July 22 (YDS&BCT)- In second such incident reported in less than a month, conmen, posing as officers from Mysuru City Corporation (MCC), robbed cash from the house of a woman at N.R. Mohalla. The incident that has occurred a few days back has come to light now following a Police complaint.

It may be recalled here that on June 22, two conmen managed to enter a house at Kuvempunagar N-Block in the guise of officials from the MCC. Not only they hoodwinked the house owner and pretended to take measurements of their house to issue 'Property Card' but also managed to steal gold worth Rs.7,98,000 and Rs.8,000 cash kept safe in drawers and almirahs. Three criminals in this incident have been arrested recently by the Tumakuru Police.

The latest victim of such crime is Shobha, a resident of Ganesha Temple Road at N.R. Mohalla. On June 25, two men approached Shobha's aged parents and told them that they were from the MCC and had to take measurement of the house to replace water pipelines. An unsuspecting couple allowed the criminals into their compound.

After surveying the house, later they climbed the terrace and acted as if they were measuring the area. While one person was holding a measuring tape, the other was making some notes. They then entered the house and took measurements of the rooms. Shoba had gone to work and her parents trusted the conmen in the guise of officers.

Meanwhile, the criminals managed to open one of the almirahs in the bedroom and took away Rs.75,000 kept there. After stealing the cash, the duo left the house. The incident came to light on July 20 (Friday) when Shobha wanted some cash and opened the shelf. She was shocked to see the cash missing from the almirah.

When she asked her parents about the cash, they said that they were not aware of the incident but told her about two men entering the house on June 25 posing as MCC officers. Shobha immediately realised that her parents were conned and lodged a complaint with the N.R. Police.

Incidentally, Shobha's house was robbed just two days after conmen robbed a house in Kuvempunagar N-Block. The modus operandi was also the same — posing as MCC officers and entering houses in the name of taking measurements.

The Police are now suspecting that the same gang that has been arrested by Tumakuru Police was involved in two crimes. Or there might be more gangs that are operating using the same modus operandi, the Police said.

Make this Dasara innovative and memorable: DC

The high-defenition binoculars that were installed last year for Dasara atop Chamundi Hill at one of the view points. This place is quite popular with many tourists enjoying breath-taking views of the city. This Dasara too, the place is expected to draw thousands of visitors.

DC Abhiram G. Sankar

Mysuru, July 22 (US)- With Dasara 2018 to be celebrated from Oct.10 to 19 and with the Chief Minister H.D. Kumaraswamy envisaging a grand Dasara this time, Deputy Commissioner Abhiram G. Sankar has directed the officials to come out with new and innovative ideas to make this Dasara a memorable spectacle.

In that context, Abhiram Sankar held a meeting of officials at his office here yesterday. He asked officials to be cost conscious but arrive at good and attractive plans to draw tourists. He announced that the Dasara Sub-Committees would be constituted after the meeting of Dasara Executive Committee.

The DC suggested officials to include martial arts in the cultural programme to be staged during the Torch-light Parade to be held on the last day of Dasara. He also asked the officials to get ready with Dasara invitation cards well in advance and distribute them a fortnight prior to Dasara.

Continuing, the DC suggested the use of smokeless pyrotechnics during the Torchlight Parade programme on the lines of Commonwealth Games and international sports activities to check air pollution.

Referring to the illumination of city, Abhiram Sankar said that several environmentalists and residents had opined that illuminating trees was harmful to birds and hence, asked officials to go in for eco-friendly illumination without affecting any living species.

Going further, the DC suggested officials to organise workshops to throw light on film production, direction, editing and cinematography as part of Dasara Film Festival.

Zilla Panchayat CEO P. Shivashankar, Additional DC T. Yogesh, DCP Dr. Vikram Amathe, MUDA Commissioner P.S. Kantharaju, MCC Commissioner K.H. Jagadeesha, DCF (Wildlife) Siddaramappa and others participated in the meeting.

PM Modi to sound poll bugle from State on July 29

PM Modi

Bengaluru, July 22 (KMS&DM)- Sounding the Lok Shabha poll bugle from the State, Prime Minister Narendra Modi will address a massive farmers rally at Chikkodi in Belagavi district on July 29.

PM Modi, who will be arriving in the State for the first time after the Assembly polls, will launch the BJP poll campaign, in what can be considered as the gateway for the party to make in roads into the southern States.

After wining the no-confidence motion moved by the TDP in the Lok Sabha on July 20, Modi is scheduled to address over 50 rallies across the country, with the first one held at Saharanpur in Uttar Pradesh yesterday.

The BJP has chosen Chikkodi for the PM's rally as the town is considered centric to Mumbai-Karnataka district such as Belagavi, Dharwad, Vijayapura and Bagalkot.

The BJP sees the PM's rally as a counter to the JD(S)-Congress coalition Government's preparations for the Lok Sabha polls, even as speculations are rife that the 2019 Lok Sabha polls may be advanced to be held in December this year, as three key States of Rajasthan, Madhya Pradesh and Chhattisgarh are going to the Assembly polls at the end of the year.

Residents plant saplings only to be removed by MCC

MLA Nagendra visits park at Vijayanagar First Stage; to direct MCC to replant the saplings

MLA Nagendra is seen along with the residents at the Ground-level Water Tank Park at Vijayanagar First Stage this morning. The MCC had removed over 60 saplings planted here.

Mysuru, July 22 (KS&BCT)- Chamaraja MLA Nagendra visited the Ground-level Water Tank Park at Vijayanagar First Stage this morning and expressed shock over the removal of saplings that were planted by Vijayanagar First Stage Residents Welfare Association. The MLA said that he will direct the Mysuru City Corporation (MCC) to replant the trees and restore the park.

It may be recalled here that the MCC Assistant Horticulture Officer (AHO) Muralidhar had ordered the removal of more than 60 fruit and flower-bearing saplings planted by the residents recently.

Upset residents had termed the MCC move inhuman. M.K. Nanjaiah, President, Vijaya Nagar First Stage Welfare Association said, "All these newly planted saplings were removed by MCC AHO Muralidhar. This shows the inhuman and cruel nature of MCC officers. What kind of example the staff is setting for the common people?"

The issue was brought to the notice of Chamaraja MLA L. Nagendra, who visited the park this morning. Spending more than one hour at the park along with over 100 residents, the MLA inspected the present state of the park. He expressed his unhappiness over Muralidhar's move and told the residents that the trees will be replanted and he will ensure that the park is green once again.

The MLA had summoned AHO Muralidhar to the park but the officer did not turn up. When the MLA repeatedly called the officer over phone from the park, he kept on assuring Nagendra that he would come in a few minutes. However, the AHO failed to turn up.

The residents told the MLA that along with the support of Forest Department and local residents, the Association members planted saplings. "All these new planted saplings which were 5 to 6 feet high were removed by the Corporation staff. After seeing these saplings, they should have at least brought the issue to the notice of their higher-ups," the MLA was told.

The MCC staff removed the saplings stating that they want to landscape the park. "There are 14 parks in the Vijayanagar 1 Stage. Most of the parks are in very bad condition and one can see weeds in large numbers. We planted these saplings after cleaning this park. If at all they want to landscape the park, let them do so at other parks in the area," said Nanjaiah.

C. Narayanagowda, Vice-President of the Association said that the Association members had planted saplings provided by the Forest Department. He said that if planting of saplings in that particular place was illegal, they should have brought it to the notice of the Association so that the Association would have removed them and chosen other places.

Justifying his action of removing the saplings, AHO Muralidhar said pits were dug indiscriminately inside the park, without obtaining permission from the MCC.

He further said that they contacted Association President Nanjaiah and told him that they could plan together and plant the saplings in a systematic way and alleged that they (Association) planted saplings as they wished.

"After planting saplings, tree guards should be installed for a year and saplings must be watered for a year. Nothing has been done only saplings have been planted. If the Association is concerned about the environment, let them adopt the park from the MCC and develop it," he said.

Nanjaiah, however, denied Muralidhar's allegations and said that shade-giving trees were procured from the Forest Department and planted systematically and not as alleged by the MCC officer. "The MCC, which is responsible for maintaining the green cover in city, has acted in a high-handed manner," he said.

57 cases booked for ticketless train travel, other offences

Mysuru, July 22- A ticket-checking drive and awareness campaign was conducted yesterday onboard the Arsikere-Mysuru Passenger Train. The train was stopped in the midsection to facilitate the drive.

G. Yashodkumar, Divisional Commercial Manager, South Western Railway, Mysuru led the team comprising ticket checking staff and Railway Protection Force personnel.

Ticketless travellers and those who were violating various Sections of the Railways Act, 1989 such as travelling in coaches meant exclusively for ladies, occupying seats in coach meant for physically challenged, footboard/ roof travel, smoking, etc. were booked.

Offenders were produced before the Railway Magistrate Ravindra D. Ari in Mysuru for prosecution. While 23 cases were booked for ticketless travel, another 34 cases were booked for violation of the provisions of Railways Act. A sum of Rs.13, 300 was collected as penalty.

Ticket checking staff and Railway Protection Force personnel take ticketless travellers to Court after apprehending them between Belagola and Krishnarajanagar Railway Stations.

Aparna Garg, Divisional Railway Manager has called upon train travellers to always travel with ticket and desist from indulging in rooftop/ footboard travel and other unsafe practices. She added that the checking drive will be intensified in the days to come.

Hope floats for farmers of Varuna Canal

- **Repair works of 126-km-long Varuna Canal in full swing**
- **Even tail-end farmers to benefit after restoration**

Mysuru, July 22 (PM&DM)- Repair works of Varuna Canal that feeds water to four taluks of Mysuru district and one taluk of Mandya district, has brought a lot of hope among farmers in the region.

The Varuna Canal, built in 1979, irrigates farmlands in 82 villages covering the five taluks. But with the passage of time, the canal breached and leaked at several points along its length which resulted in water not reaching the tail-end. Water was sopped midway due to leaks and farmers at the fag end of the canal were deprived of the lifeline.

Now, the repair works of the canal taken up at a cost of Rs. 75 crore will be executed in three stages. While the first stage of works covers from the starting point of the canal, that is, Krishna Raja Sagar (KRS) Dam up to 25 km, the second stage from 25 km to 45 km and the third stage from 49 km to 75 km. The works between 45 km and 48 km has been left out of the project as the canal is in good shape at this stretch.

The Cauvery Neeravari Nigam Limited has taken up the responsibility of the execution of works. While the estimated cost of the first stage of works is Rs. 21 crore, the cost of second stage work is Rs. 21 crore and the third stage Rs. 24.8 crore. The contract of the works has been awarded in three packages.

With the works going on in full swing, Varuna Canal Sub-Division Assistant Executive Engineer (AEE) D. Kumaraswamy says that all the spots where water is leaking have been identified and has 60 percent of repair works has been completed till now.

Pointing out that the 25th km of the canal comes close to Rammanahalli village in the taluk, he said that the 25-km to 45-km stretch of the canal runs from Rammanahalli to Madapura and 49-km to 75-km stretch from Hosahundi to Doddakatur.

The canal that is at present undergoing repair works for leaks and breaches irrigates 32,375 hectares of land.

Stating that the total length of Varuna Canal is 126 kms, the AEE said that the canal irrigates 32,375 hectares, including 3,056 hectares in Srirangapatna taluk, 18,235 hectares in Mysuru taluk, 3,085 hectares in T. Narasipur taluk and the rest in parts of Nanjangud and H.D. Kote taluks.

The main feature of this 126-km-long canal is that it has three aqueducts at three points — one from KRS Dam to Belagola, the second across Mysuru-Bengaluru road at Siddalingapura and the third across Mysuru-Nanjangud Road at Gejjagalli.

Varuna Canal is also called D. Devaraj Urs Canal

The construction of Varuna Canal began in 1979 when D. Devaraj Urs was the Chief Minister. As it was a dream project of Devaraj Urs, the Varuna Canal also came to be known as Devaraj Urs Canal. But the credit for expediting the canal works should go to former CM Siddharamaiah, who as Finance Minister earlier, allotted more funds for completing the project.

The canal was formally inaugurated by the then Irrigation Minister H.K. Patil, who was a member of S.M. Krishna Cabinet. However, the canal met with some hurdles at the beginning, as farmers from Mandya district strongly resisted the canal, claiming that it would deprive them of KRS water. But after hectic negotiations, Devaraj Urs convinced Mandya farmers and finally the works began in 1979.

S.M. Krishna, who hailed from Mandya district and Industries Minister in Devaraj Urs Cabinet, had quit his post in protest against the Varuna Canal project. However, it was ironical that the canal was formally inaugurated by H.K. Patil, who was Irrigation Minister when S.M. Krishna was the CM, about 18 years ago.

Once the side walls of the canal are cleaned, a huge machine is brought to lay the concrete. Since it is a massive and precision task, human intervention is less here.

Grim situation foreseen as lorry strike continues

APMC Yard and RMC go empty; DC appeals lorry owners to clear supplies for PDS

Mysuru, July 22 (RKB&US)- The nation-wide lorry strike entered third day today with no solution in the offing. The supplies received at the APMC Yard in Bandipalya over the last couple of days are said to have got exhausted. With no incoming lorries owing to the strike, the situation seems to become bad from tomorrow with shortfall of supplies at markets and an eventual price rise of essential commodities.

DC APPEALS

Deputy Commissioner Abhiram G. Sankar has appealed the lorry owners to transport rice of 'Anna Bhagya' scheme and wheat for open market that have arrived at the Railway Goods Shed as the strike would badly hit the Public Distribution System (PDS). At the behest of the DC, Deputy Director, Department of Food and Civil Supplies, P. Shivanna, along with Warehouse Manager S.P. Patil arrived at the TAPMS Goods Shed on Jodi Thenginamara Road in Bannimantap here this morning and held talks with the office-bearers of District Lorry Owners Association and Railway Goods Shed Lorry Owners Association to convince them on the matter of concern.

The officers also visited the Railway Goods Shed in Metagalli to take stock of the situation. It was learnt that about 300 truck loads of rice and 600 loads of wheat were due to be cleared.

The situation at the Regulated Market Complex in Bamboo Bazaar was also grim with no stock of fruits as no supply has arrived usually from Tamil Nadu and Andhra Pradesh, Fruit Merchant Sharif at RMC told *Star of Mysore*. The worst hit are the push-cart vendors who eke out a living on daily basis selling fruits.

Goods Shed Lorry Owners Association President Abdul Khader told *SOM* that coupled with the lorry strike, the Association was firm in getting the road linking Goods Shed and Ring Road cleared for repairs by Railways and asserted that the strike would continue till their demand was fulfilled.

Members of Lorry Owners Association have planned to stage a stir in front of the DC's office here tomorrow at 10.30 am.

'Sahitigalantaraladinda Polisaru'

Compilation of poems on Police released

Musuru, July 22 (RK&US)- Prajyoma Prakashana and Hemaganga Kavya Balaga together had organised a function this morning at Karnataka Police Academy (KPA) premises here for the release of the book *'Sahitigalantaraladinda Polisaru,'* a compilation of 45 poems on Police edited by Mahadevanayaka Kudlapura, ASI at V.V. Puram Police Station.

Inaugurating the programme, Police Training School Principal Dr. Dharanidevi Malagatti said that of late, the artistic talents of Police personnel were being identified and recognised. She contended that the book bridges the misconception and misinterpretations people have about Police. She recalled that the programme 'Sammilana' commenced at KPA was unearthing artistic talents of Police.

Mahadevanayaka Kudlapur delivered the keynote address.

Directorate of Field Publicity Assistant Director Dr. T.C. Poornima released the book.

Columnist Dr. Gubbigudu Ramesh, writer Dr. Jayappa Honnalli, art patron A. Hemaganga, social activist Dr. Berya Ramakumar and others were present during the programme.

MUDA to form five new layouts

(Continued from page 1)

The Ballahalli Layout will be developed in 280-acre land while Shanthaveri Gopalagowda Layout will be formed in 250-acre land at Uthanahalli and Bandipalya. MUDA is also developing the R.T. Nagar Second Stage in 89 acres of land and will form over 1,000 sites.

Of late, MUDA is facing severe shortage of land and people have accused it of failing on its basic function – to identify and provide land for residents of Mysuru. There are more than one-and-a-half lakh pending applications from site aspirants and the number of applicants has only increased.

MUDA has only been able to complete the process of allotting land at R.T. Nagar and Lalithadrinagar Second Stage that were proposed 15 years back only in December last year. To add to the MUDA woes, most of the lands on the city outskirts have been purchased by private developers and many layouts have already been formed. The inability to distribute sites has affected MUDA's financial performance as revenue generation has hit a low.

Even the ambitious plan of developing Ballahalli Layout, near Koorgalli, out of 280-acre land, is pending approval from the government. MUDA had plans of developing the proposed residential layout at Ballahalli into a full-fledged satellite township to disperse growth and decongest the city. Now with five new layouts, MUDA hopes to fulfil the aspirations of at least a few site aspirants.

While acquiring land for new layouts, the MUDA will follow the 50:50 formula where 50 percent of the developed sites will be given free of cost to land owners or farmers whose land have been acquired. This formula has been worked out by MUDA to avoid litigations and claims of more compensation.

In new layouts, 16 sites can be formed in one acre of land after leaving out space and earmarking roads, drainage, Underground Drainage (UGD), power lines, parks, open space, Civic Amenity (CA) sites and corner sites.

As per this plan, the 36-acre Nalwadi Krishnaraja Wadiyar Nagar will have 576 sites and sites will be shared by MUDA and the land owners on a 50:50 ratio. Accordingly, MUDA will get 288 sites and the land owners will get the rest. In the 75-acre Swarna Jayanti Nagar will have 1,200 sites and MUDA will have ownership of 600 sites while the remaining will be owned by land owners. Sites of other layouts too will follow the same rule.

Vokkaliga community played key role in my victory, says GTD

Mysuru, July 22(MTY&DM)- Thanking Vokkaliga Community for standing solidly behind him in Chamundeshwari Assembly Constituency, which he won by a huge margin of 36,000 votes against the then Chief Minister Siddharamaiah of the Congress, Higher Education Minister G.T. Devegowda has said that the Mysuru Vokkaligara Sangha has played a key role in taking Nadaprabhu Kempegowda Jayanti celebration to other places.

He was speaking at the Nadaprabhu Kempegowda Jayanti celebration, felicitation of newly elected legislators from Vokkaliga community and Pratibha Puraskara programme organised by Nadaprabhu Kempegowda Jayanti celebration at the Sangha premises in Vidyaranyapuram here this morning.

Pointing out that the then Chief Minister Siddharamaiah was appealed for State celebration of Nadaprabhu Jayanti, establishment of Kempegowda Authority and a Study Chair during last year's Kempegowda Jayanti celebration at Maharaja College ground here, Devegowda said that the Vokkaligas were thankful to Siddharamaiah for meeting the demands of the community by officially celebrating the jayanti, allotment of Rs. 10 crore for the authority and announcement of a study chair.

He also lauded the Sangha's efforts for Kempegowda Jayanti celebrations in Delhi in which former President and former SC Judge Gopala Gowda took part. Newly elected Vokkaliga legislators G.T. Devegowda, Narendra, L. Nagendra, K. Mahadev and Marithibbegowda and retired engineer A.C. Lingegowda, former CFTRI Scientist Dr.M.Mahadevaiah, Prof.B.K.Shivanna of Krushik Foundation, Probationary IPS officer Prithvik Shankar and Arjuna awardee V.R. Raghunath were felicitated on the occasion.

Also, meritorious children of the community who scored high marks in SSLC & PUC (2017-18) were presented Pratibha Puraskar.

Sangha President Mahalingu, General Secretary P. Prashanth Gowda, who is also an MCC Corporator and others were present.

Higher Education Minister G.T. Devegowda seen with the students after presenting them with Prathiba Puraskars at the Nadaprabhu Kempegowda Jayanti celebration function held at Mysuru Vokkaligara Sangha premises in city this morning as legislators L. Nagendra, Narendra, K. Mahadev and Marithibbegowda and others look on.

Techie goes missing within minutes after calling his wife

Bharadwaj

Mysuru, July 22 (KS) - A 29-year-old Software Engineer, working at L&T, has gone missing under mysterious circumstances within minutes after calling his wife at about 10.30 pm on July 18.

The missing person is Bharadwaj, a native of Andhra Pradesh, who was staying with his wife Divya and his child at a house on 8th Main, 10th Cross in Hebbal 1st stage in city and was working as a Software Engineer at L&T since two years.

According to the complaint lodged by his wife Divya with Hebbal Police on July 20, Bharadwaj, left his house on July 18 at about 9 am for work and at about 10.30 pm on the same day he called his wife over the phone and asked her if she wanted anything to which his wife asked him to bring diapers for the kid while coming.

As Bharadwaj did not come home even after 11 pm, his wife Divya called his phone only to receive the message that the phone was switched off.

Divya then went to L&T and enquired with the person at the reception, who told her that Bharadwaj had left the company at 10.30 pm itself.

Divya then enquired with people known to Bharadwaj but could not get any information about him and lodged a complaint with Hebbal Police on July 20.

Bharadwaj is 6ft. tall, oval faced, normal built, dark complexioned, has a mole on his right arm, speaks Kannada, Telugu and English and was wearing a white colour full-arm shirt and blue colour jeans pant at the time of going missing.

Meanwhile, Hebbal Police told *SOM* that they were putting all efforts to trace Bharadwaj but have not found a clue about him and expressed confidence that they would find him soon.

Those having any information about the missing person may contact Hebbal Police Station on PH: 0821-2418318 or call Police Control Room on Ph: 0821-2418339.

Ex-Minister Vimalabai Deshmukh passes away

Vimalabai

Vijayapura, July 22- Former Minister Vimalabai Deshmukh passed away early this morning at her house in Vijayapura. She was the Women and Child Welfare Minister in the J.H. Patel Cabinet.

After her husband's death, she won the Assembly elections from Muddebihal in 1994 by defeating C.S. Nadagowda - the incumbent legislator and Minister.

She lost the consecutive polls and contested again on a Karnataka Janata Paksha (KJP) ticket in 2012.

Her last rites will be performed on Monday at Nalathawada, according to family sources.

Five young stars shine bright in the monsoon sky

Articulate Festival, a every third Sunday of the month classical dance festival, in its 26th series, showcased five young artistes in Bharatanatyam and Kathak in solo formats on July 15 at Veene Seshanna Bhavana, Mysuru. The packed house proved that dance connoisseurs of Mysuru are addicted in a holy way to religiously patronise the classical dance every month, come rain or shine.

Nikhitha Manjunath, a disciple of *Karnataka Kalashree* Sathyanarayana Raju of Samskruthi - The Temple of Art, Bengaluru, presented two Bharatanatyam numbers. One in raga "Reethigowla", Taala "Adi" and the other in raga "Kamaach", "Mishra chaapu taala." The first choreographed by Guru Narmada and the other by Guru Bhanumati.

Nikhitha in her "Gopa Gopi Swaro Yogi" a shloka from "Sri Krishna Karnaamruta" described the various leelas of Lord Krishna and praised his greatness. In "Maataadabaaradeno Maa Ramanane", a Kannada composition, she enacted a Mugdha Nayika, worried that her husband is not speaking to her and seems to be angry, asks for the reason of his silence. She reminds him of the good times that they had spent together and pleads him to speak to her.In all the three dances, Nikhitha chose, the sahithya was aptly translated into meaningful movement. The nrutta compositions that were weaved into, was crisp and geometrically sharp in its execution, that proved the merit of the dancer which the prekashaka took notice.

B.U. Ojaswini, disciple of Guru Supriya Komandur, performed three Bharatanatyam numbers. A Guru Minal Prabhu's choreography "Nrityanjali" in "Navarasa Kannada Raga" and "Adi Taala", offering homage to the Gods, Guru and Prekshaka was the opening number, followed by a Papanasa Sivan's Krithi "Devi Neeya Thunai" in Raga "Keervani" and "Aadi taala" eulogizing Goddess Meenakshi and concluded by a Devaranama of Sri Purandaradasa "Chandra Chooda Shivashankara" in "ragamalike" and "Aadi tala" describing the manifestations and deeds of Shiva, both choreographed by Guru Supriya Komandur.

Ojaswini proved her mettle by her very diligent training and practice the result of which could be seen in her presentation both technical and emotional that drew the appreciation of the audience.

Sampada Pillai presented three Kathak numbers, a Krishna Vandana in raga Yaman and Taal Teen tala. A Sri Saradakara's lyrical tribute to Krishna as choreographed by Dr. Rohini Bhate was the invocatory number. The dance described Radha engrossed in the beauty of her beloved Lord and her expression of pure love transcended mortal relations. Second was a Nrutta, in teen taal that strung together, aamadh, tode, tukde and parans inter-spaced with simple and yet exciting padakriya and gath bhaav. The concluding third was a thumri "Aeri kaise jaoon" in "Marwa raag" and "Teen taal" written by Dr. Vasantrao Deshpande. The nayika while narrating the nuisance Krishna caused while she ventured to fetch water, stood mesmerised by the melody that wafted from Krishna's flute.

The applause Sampada received every time she precisely arrived on the Samam of the taal in her second segment, itself showed her control on the layakari and the complex patterns that spread joy among the onlookers. Her Krishna vandana and the thumri was soulful and spiritually elevating because of her rendition in a unhurried manner with sublime movement that Kathak art demands.

L. Kausalya Chandra, disciple of Guru Nandini Eswer, commenced her recital with a "Todaya Mangalam" in "Raga malika", "Tala malika" and proceeded to perform a Tygaraja's Pancharatna kriti "kanakanaruchira" in Raga "Varali", "Adi Tala" before concluding with a Kanchi Kamakoti Peetham Seer Sri Chandrashekharendra Sarasvati Swamiji's composition "Sri Durga Pancharatna" in Raga "Shanmukhapriya", "Khanda Chapu" Taala. The Todeya mangalam "Jaya Janaki Ramana" was a string of five stanzas linked by jathis and dedicated to Rama, Venkateshwara and Krishna. The pancharatna krithi concluded with the emphasis that "Who so ever is engrossed in the worship of Sri Rama is the blessed one." Kanchi Swamiji's ode to Adi Shakthi explored the unfathomable expanse of the Mothers outreach.

With comparatively minimal aaharya, Kaushalya took the audience through emotions of pure bhakti. She seemed to have recaptured those magical influences the legends of yesteryears weaved and bound the audience, establishing the fact that, some fine aspects could still be seen even today unchanged and carried forward. Thanks to Guru Nandini Eswer for training such a shishya and to the shishya who has surrendered unto the Guru.

Sandhya Muralidharan, a disciple of Guru Rukmini Vijayakumar, presented three Bharatanatyam numbers, a Kouthvam on Nataraja "Tadavan Munijana Sakhala Suraa Sura" in Raga "Hamsadhwani", "Adi Taala" written by Gangai Muttu Nattuvanar that brought out the energy and virility of the cosmic dancer, a ode to Mata Sharadhe "Vandeham Sharadha" in Raga "Yamuna Kalyani", "Mishra Chaapu Tala" composed by Sri Dayanand Saraswathi subtly and beautifully expressing the beauty and glory of Sharadha, a Devaranama "Gummana Kareyadire" written by Sri Purandara Dasa and rendered in Raga "Tilang" "Ata Tala" that described the naughtiness of child Krishna and his pleadings to mother not to invoke the demon.

Sandhya was a reflection of her Guru Rukmini. The sprightliness, the shooting movements of the limbs, the lifts and plunges all done breathlessly was bordering acrobatics in classical dance format. To some it was amazing to watch, while some felt, was that necessary especially in the second segment on Sharada. Her energy level remained, throughout the three fast numbers, the same and that enhanced her performance especially when hers was towards the closing time of the Festival and rooted the audience to their seats until it was time to bid adieu.

Many among the audience left blissful, making a pledge to come back for more in the coming months, which the organiser Mysore B. Nagaraj, Director, Articulate Festival, Mysuru, pledged again to fulfil the need of both artistes and the rasikas. The five stars shined bright even when engulfed in the monsoon clouds.

Women's Hockey World Cup

India share the spoils with England after conceding late goal

London, July 22- India produced an impressive display before conceding a late goal to play out a 1-1 draw against world number two England in their opening Pool B match of the Women's Hockey World Cup.

Neha Goyal gave India the lead in the 25th minute before Lily Owsley equalised from a penalty corner in the 54th minute.

World number 10 India punched above their weight and gave England a run for their money in the keenly-contested duel.

India matched higher ranked England stick for stick in the opening two quarters even though the hosts had more scoring chances with five penalty corners coming their way.

But the Indian defence was up to the mark with goalkeeper Savita Punia stealing the limelight with some brilliant saves to keep England at bay. While India looked promising on open play, the home team kept on earning penalty corners.

Interestingly, the Indians had registered a 2-1 come-from-behind win over the same English side in the group state of the Commonwealth Games hockey competition. India will play Ireland in their next Pool B match on July 26.

Vasanthakumari was returning home walking on 13th Cross, Bankers Colony, Bogadi, on Friday morning, when two-bike-borne miscreants who came from behind yanked off her 68 gms gold chain and fled in a flash. The jurisdictional Saraswathipuram Police, who have registered a case in this regard, are investigating.

Man slips and falls to death from second floor

Father suspects murder, files Police complaint

K.R. Pet, July 22 (KS)- A 47-year-old man, who was performing puja, slipped and fell to death from the second floor of the house at Basaveshwaranagar in the town on Saturday and his father suspecting that his son has been murdered has lodged a complaint with K.R. Police on Saturday.

Nandeesh

The deceased has been identified as Nandeesh Hiremath, son of Swathantra Siddalingeshwara Swamy Temple Chief Priest Basavarajappa. Nandeesh was offering puja last morning at his house on the second floor, when he accidentally slipped and fell down resulting in him sustaining serious injuries. Though he was rushed to the Government Hospital, he breathed his last after failing to respond to the treatment.

Nandeesh's wife Shivarathnamma, a Government School teacher, had gone to the school in Chikkamagalur district when the incident took place.

Circle Inspector H.B. Venkateshiah, SI H.S. Venkatesh and others visited the hospital.

Meanwhile, Nandeesh's father Basavarajappa, alleging that his son has been murdered as no one would die after falling while performing puja and stating that someone had assaulted his son from behind and have pushed Nandeesh from the second floor, has lodged a complaint at K.R. Pet Police Station.

WORD OF THE DAY

Cheville

Pronunciation: shuh-vee.

Meaning: Prosody, a word or expression whose only function is to fill a metrical gap in a verse or to balance a sentence.

Origin: Cheville represents the normal northern French phonetic development of Latin clāvīcula "key, tendril, pivot," a diminutive of clāvis "key, bar, hook." In French cheville means "ankle, peg, dowel, pin, plug." It is this latter sense "plug" that gave rise to the English meaning of a filler word or phrase in a sentence or line of verse. Clāvis derives from the Proto-Indo-European root klēu-, klāu- "hook, peg," the same source of the very many Greek forms, e.g., kleís, klēís, klāís (all from assumed klāwis, identical to the Latin noun), Celtic (Old Irish) clō "nail," Baltic (Lithuanian) kliúti "to hang, hang on," and Slavic (Polish) klucz "key." Cheville entered English in the 19th century.

Citation for cheville: The languages were by this time close enough to each other to make this easy, and when there was any difficulty it scarce required the wit of a Chaucer to supply such a cheville as "An emperesse or crowned queen" ... (though it may be observed that "crowned" is a distinct improvement to the sound, if not to the sense of the line) ...

PHRASE OF THE DAY

A safe pair of hands

Meaning: A reliable, if somewhat dull, person who can be entrusted not to make a mistake with a task.

Origin: UK origin. Applied to politicians or diplomats who were given sensitive work that required careful handling. The earliest references to the phrase link it to the public school sports of cricket and rugby. It's easy to see how it migrated from there to the public school dominated world of Victorian UK politics. These two authors both included the term in tutorials on sport: James Pycroft The Cricket Field, 1851: "The safest pair of hands in England".
W. J. A. Davies How to play Rugby Football, 1933: "A safe pair of hands is of paramount importance."

QUOTE BOX
